GA, Eric.

1. Regarding Officer Lewis, obviously much of his opinions will be based upon your clients ' dep testimony. But as we have discussed, the case, in part, revolves around whether reasonable force was used on the d/i.
2. Regarding Thursday, right now I'm iffy. Still experiencing a terrible exacerbation. In fact, following the adjournment of your clients' deps, I met with my pulmonologist and we're pondering 1 or 2 surgeries. Do not want to inconvenience you or the witnesses.
3. Availability for your clients' deps: 5/11,17, 19,24. If you need more dates, pls reach out. Thx
